ATKINS - The Howard County Department of Recreation and Parks has issued a letter of permission to the West Park Board in connection with its plan for the proposed new "West Overlook" that will be constructed on the parkway over the Jackson Branch of the Patuxent River. The letter of permission says the department would like to allow park users to use the designated walking areas in the planned "West Overlook" while development is being undertaken to allow West Park to be open to visitors and make improvements. The letter reads, in part: "...the Department of Recreation and Parks hereby gives its written approval for the use of designated walking areas as set forth in the West Park Plan (see attachment), which provide a safe and enjoyable use of West Park. West Overlook will not be a designated park but will be a designated walking area, which will be accessible to users who desire to traverse the designated walking areas of West Park. The Department and West Overlook are and shall remain a part of the City of Columbia." [image=732,400,y,center,up] For more information visit www.howardcountymd.gov/CPR. Comments
